— SKILLS

Languages

JavaScript · TypeScript · Python

Frontend

React · Next.js · TailwindCSS · Vite

Backend

Node.js · Express.js · FastAPI

Databases

MongoDB · PostgreSQL · Prisma

DevOps

Docker · Kubernetes · NGINX
CI/CD · Autoscaling · Turborepo

Monitoring

Prometheus · Grafana

Architecture

Microservices · WebSockets

— INTERESTS

Backend Engineering
Distributed Systems
AI Systems
Scalable Web Architecture
Rapid Prototyping

— VOLUNTEER

NSS – National Service Scheme
Community & social development

MERN · Distributed Systems · AI Automation · DevOps

EDUCATION

B.Tech – Information Technology

Datta Meghe College of Engineering

2023 – 2027 (Expected) | Maharashtra, India

Class XII – CBSE

Jawahar Navodaya Vidyalaya, Palghar

86%

Class X – CBSE

Jawahar Navodaya Vidyalaya, Palghar

92%

ACHIEVEMENTS

☐ Smart India Hackathon (SIH) 2025 – Winner

Served as Backend Developer; architected scalable server-side systems for the winning national-level solution

☐ HackHive 2025 – Winner

Organised by SHIADS; recognised for innovative full-stack development under competitive conditions

PROJECTS

Paytm-Style Payment Web Application

MERN · TypeScript · PostgreSQL · Prisma · WebSockets

Digital wallet & payment platform with real-time transactions, microservices architecture, and secure auth

AI Social Media Campaign Automation

React · TypeScript · FastAPI · AWS

Multi-agent AI platform automating campaign planning, content generation, scheduling, and analytics via social APIs

Sukhayu – Offline-First Android Health App

Android · HIPAA Compliant

HIPAA-compliant health app with full offline-first architecture and secure local data management

College Placement Portal

Serverless Architecture

Serverless portal in active college-wide use; zero-downtime deployment with auto-scaling infrastructure

Docker CI/CD + Turborepo Pipeline

Docker · Kubernetes · NGINX · CI/CD

Production CI/CD pipeline for Turborepo monorepos with autoscaling groups and NGINX reverse proxy
